Pool Rules

Note: Fun Center Pools are closed daily from 8:00 p.m. to 8:30 p.m. to check the water chemistry to ensure your safety and maximum enjoyment of the pool areas. In the event that a pool area requires service or maintenance, we reserve the right to shut that area down, without notice, until management has deemed the area to be safe and functioning properly.

Wristbands are Required - Wristbands are issued upon check-in at the front desk. They must be worn in the pool areas. If a wristband must be removed, bring the cut band to the front desk for replacement before swimming. Lost or discarded wrist bands must be repurchased at the front desk. \$15.00 replacement fee.

Pool Safety - Our pools range in depth from 0" to 5'. Diving or flipping from the edge of the pool is prohibited and dangerous to both you and to others in the pool. Pool decks are slippery when wet, please do not run in pool areas.

Slide Height Requirements - In order to safely ride the water slides, you must meet certain height requirements. To ride the body slide, you must be 42 inches tall. To ride the tube slide, you must be 48 inches tall, or, if riding with an adult, 42 inches tall.

Public Health - If you, or any member of your party, has experienced flu-like symptoms in the past two weeks, public health departments suggest refraining from swimming in public or commercial pools.

Adult Supervision - For your safety and the safety of others, children under the age of 16 must be under the supervision of an adult. Older children or siblings should not be considered adults.

Swim Diapers - Children who are not toilet trained must wear swim diapers. Regular disposable diapers create a health issue. Swim diapers are available in Michael's Toys & Treasures. Restrooms with diaper changing areas are available near each of our pools.

Pool Towels - Towels are available in the pool areas. Please do not bring the towels from your room.

Water Temperature - The water temperature of our pools is maintained at 84 degrees F. The water temperature of our spa's are maintained at 100 degrees F. Michigan law allows spas to be at a higher temperature, but due to the number of small children using our spas we prefer a lower temperature for their safety.

Water Quality - To ensure your safety and the quality of water in our pools, staff members are certified Pool-Spa Operators® (CPO) by the National Swimming Pool Foundation®.
